

## **Text of the questionnaire**

Information of the European integration committee.

How does your Committee get the necessary information ? From the Government ? From the European Commission ? From the European Parliament ? From other sources ? Does your Committee consider the information in its possession sufficient ?

Integration of European legislation.

Do the standard legislative proceedings apply to the integration of European legislation into national law or do you apply special proceedings ? Does your Committee play a specific role in the legislative integration process ?

Accession negotiations.

How does your European integration committee follow the accession negotiations ? Does the Committee give its opinion ?

Conformity of national law to European legislation.

Is there a procedure aiming at scrutinising the compliance of bills submitted to Parliament to European legislation ? Does your Parliament play a role in this procedure ? Is your committee associated to this procedure ?

Other committees for European legislation.

Did you take your inspiration from the experience of other applicant states when your Committee was created ? Are you in touch with European integration committees from other applicant states ?

Community aid.

As part of the accession process, had your Parliament received any technical assistance from the Community or from some member states ? What kind of assistance ? Was this assistance sufficient ?
